Brief Summary of Selected Substantive Portions of this Response

[0001] In a telephone discussion (on June 19, 2007), the Examiner indicated the section 112 rejections could be overcome by the amendment to the specification to include the claim language of the original claims. Further, we discussed the change in reasoning for non-allowance of dependent claim 5 (removing the reference to Cooper). No agreement was reached regarding allowable subject matter.

[0002] This brief summary is not intended to represent the Applicant's full response to the Action. Rather, it is merely a brief summary of selected substantive portions of the response herein.
